CUSTOM PRINTS + FRAMING + GALLERY WRAPPED CANVAS

FINISHING

All custom prints are **given special care and handling** and are printed on professional photographic paper to the **highest of industry standards**.

We highly recommend that enlargements larger than 11x14 be framed through our studio to ensure archival quality and the artistic vision of the artist. We extend a **lifetime warranty** on your custom framed portraits.

*Our most popular black wood Roma hand made Italian frames are used in above pricing. We can quote another custom frame for you.

Gallery Wrapped Canvases are printed onto canvas and stretched onto a gallery stretcher frame. Canvases arrive ready to hang. Our canvases contain only **environmentally neutral products** while still retaining the **best in class** in lightfastness and image longevity. The hardwood stretcher bars that are custom cut are sourced from North American forests.

TERMS

A deposit of 50% of your portrait order is requested at the time of ordering. **Prices do not include taxes.**

All print orders must be made at your in-studio ordering appointment, which is booked within two weeks of your portrait session.

ONLY ordered images will be archived for a period of one year. Unordered images will be purged from our systems 7 days after your order has been placed.

Please allow 2-4 weeks for print delivery and 4-6 weeks for custom framing or custom art pieces.

- *Please note that ONLY digital files that were ordered as prints, canvas, or in a fine art book will be retouched individually.*

Capture the fleeting moments of childhood and the richness of our everyday life found in those 'in-between' moments that make our life's story.

Documentary photography captures the honesty in life and enables us to see and remember the subtleties of our existence.

Photography helps to define our lives by encapsulating who we are, where we were and every detail that fades with memory.

The unposed, the real moments, the moments where we are truly just being.

Being ourselves; living and loving life.

For Jennifer, these sessions are all about seeing the beauty in the every day.

They are an opportunity to allow ourselves to slow down for a moment, and to be fully immersed in the moment.

Fine art + documentary sessions are customized for each client.

COMPLIMENTARY GIFT

Print orders over \$1000 will receive a crystal USB with **ALL high resolution digital files** from their portrait session. (value: \$400)

Please note that ONLY digital files that were ordered as prints, canvas, or in a fine art book will be retouched individually.

COPYRIGHT

An **artist's copyright** is protected by Federal Copyright Law. Even though the images may be of you or your child, the artist/photographer still owns the copyright to the image.

Jennifer Klementti guarantees the highest quality of archival fine art prints, gallery wrapped canvases, and fine art books ordered through the studio.

If a fine art print does not meet Jennifer's expectation, it is reprinted **at no extra cost to you.**

Jennifer Klementti does NOT guarantee the quality of anything not printed through our studio.

Thank you. If you have any questions, please ask. We are always here to help.

THANK YOU

I look forward to working with you and your family to exceed your expectations.

Custom portraiture is an investment in beautiful artistry that will be treasured for generations to come.

I will do my best to give you and your family a wonderful custom portrait experience.

Jennifer Klementti
